## Alaska G&G Permits

### Notes:

- The linked maps depict the maximum area that the permittee may occupy during the course of the survey. The actual survey will occupy a much smaller area.
- Permit applications and action letters earlier than 2005 are available upon request. Contact BOEM Alaska's Resource Evaluation Office at (907) 334-5320.
- Scroll to the bottom for a statistical summary of historical G&G permitting activities in Alaska.
